## **INFORMATION ABOUT MEDICAID**

**Rules may have changed since this was printed. Check with your local DHS office.**

“You” and “Your” below refer to the patient. “We” means the Department of Human Services.

If you need help with past, unpaid medical expenses, Medicaid coverage may begin three months before you apply.

You can have Medicaid even if you are not a U.S. citizen. Coverage might be limited to just emergency services.

There are limits on the amount of income and assets you can have and be eligible for Medicaid.

### **Receiving Medicaid Services**

You must tell all your providers (doctors, hospital, pharmacy, etc.) that you have applied for Medicaid before you receive any new medical services. Not all providers accept Medicaid. Choose a provider who does accept Medicaid.

You must give your medical provider a copy of your mihealth card or approval letter as soon as it is received. This letter tells when your eligibility began. Your providers need this information to receive prompt payment for medical services provided to you. This information is also needed to issue you a refund if you pay for a Medicaid covered service between the date your hearing request is received by the Department of Human Services after an incorrect denial of Medicaid and the date your Medicaid is approved as a result of your hearing request.

We might approve Medicaid for up to 3 months before you applied. If we do, ask your providers to bill Medicaid for any covered services you received during those months. If you paid for any of these bills before you received the approval letter, ask your health providers if they will refund your money and bill Medicaid. Providers are not required to do this, but many will.

Your providers must submit your bills to Medicaid within 12 months after the date you received the services. If they wait more than 12 months, then Medicaid may not pay the bill unless the delay in billing is because you had to file an appeal to get Medicaid benefits.

### **Income**

You meet the income test if your income is not enough to pay your medical expenses. Usually you will pay part of your nursing facility expenses and Medicaid will pay the rest. If you have a spouse or children at home, a portion of your income might be protected for them.

We count income such as Social Security benefits, pensions, rent income and veterans benefits.

### **Assets**

Countable assets must be at or below the \$2,000 asset limit at least part of each month for which Medicaid is requested. If you have a spouse at home:

- We count your assets and your spouse’s assets initially. We protect a substantial amount of assets for your spouse. The remainder cannot exceed \$2,000 for you to be eligible for Medicaid.
- Once initial eligibility is established, we only count your assets. The asset limit is \$2,000.

If your assets are more than the asset limit, you may become eligible for Medicaid if you use your excess assets to pay some of your medical bills, living expenses, or other debts. You may be asked to verify when and for what purposes you used your excess assets.

Medicaid might not pay for your care if you or your spouse transfer assets or income for less than fair market value. We look at transfers that occur up to 36 months (60 months for some trusts) before, or any time after, your first date of application for Medicaid while in a nursing facility.

**Nursing Facility Eligibility (MDCH Publication 726)** - explains eligibility for persons in or entering a nursing facility.

The Department of Human Services will not discriminate against any individual or group because of race, sex, religion, age, national origin, color, height, weight, marital status, political beliefs or disability. If you need help with reading, writing, hearing, etc., under the Americans with Disabilities Act, you are invited to make your needs known to a DHS office in your county.

Wages reported by my employer(s) to the Department of Labor and Economic Growth will be checked against wage information I report to the Department of Human Services. My Social Security Number will be used to check this information. Throughout the year, my Social Security Number will also be checked with other sources such as the Internal Revenue Service (IRS), Unemployment Compensation and the Social Security Administration concerning income or assets.

The information obtained through this cross-checking may be verified through collateral contact when discrepancies are found. The information may affect both my eligibility for and the level of my benefits.

9. **Medical Information.** By signing this application, I understand that the Department of Human Services and Michigan Department of Community Health, may get and use\* necessary medical information about me or any of my wards or my minor children including any information relative to HIV, ARC or AIDS if applicable.
